Kringle Candle's COZY CHRISTMAS

Cozy evergreen forests of pine, firs, spruce & cedars make up the landscape of this rich robust and spirited scent.

It's just one of FIVE new holiday fragrances to choose from this season!

Our fun **Retro Christmas Dinnerware** will bring a smile to your face and good tidings to your dinner table. Featuring images of assorted holiday favorites like Santa, snowmen, and snow-covered neighborhoods, these accent pieces will compliment any holiday dinnerware!

New York Times bestseller *The Christmas Wish*, by Lori Evert and Per Breiehagen, follows young Anja's magical quest to find Santa with help from a menagerie of Arctic animals. This delightful Christmas tale is enhanced by the

beautiful photography of Lori and Per's four-year-old daughter in Norway. Now fans of this beloved book can relive

the story through heartwarming accessories. The collection includes an assortment of wall art, ornaments, plush toys and more that reflect the book's characters and adventures!

The Perfect Holiday Gift!

Our *American made Novobeads* are compatible with all major bead bracelets. With over 300 fresh and alluring beads, it's easy to start a beautiful bracelet, or add to a current one... the choices are endless!

In the forest, mistletoe is a bit of a scourge, a parasitic plant that latches on to trees and feeds off of them. But at Christmas, it becomes a symbol of romance. The plant's association with

romance dates back to ancient Norse mythology. According to tradition, it's bad luck to refuse a kiss beneath the mistletoe. After the kiss, the couple is to pluck one of the berries from the plant. Once all the berries are gone, the bough no longer has the power to command kisses.

For over 20 years we've been featuring the premier brand of glass Christmas ornaments in the country: *Old World Christmas*. Each ornament produced by **OWC** is hand crafted using the same techniques that originated in the 1800's. Molten glass is mouth-blown into finely carved molds, before a hot solution of liquid silver is poured inside. The ornaments are then hand-painted and glittered in a series of labor-intensive steps to achieve the beautiful creations. With hundreds of styles to choose from, come see for yourself why they've been so endearing for so many years!

Sunday is our Williraye Studios Event Day!

For nearly a decade, we've been honored to host a *Williraye Event Day*, and we're excited to continue the tradition **Sunday, November 13th**, (from 12-5)! *The entire Williraye Studios Collection will be 20% Off!* **This is the ONLY day we're able to put these lovable figurines on sale**, and a **Studio Representative** will be on hand to share stories and answer questions about the figures! These carved, slightly out of proportion figures, trademarked by their small heads and oversized feet, will easily find a place in your heart. Each figure purchased Sunday earns you an entry form to win a free piece! In addition, all *Williraye* purchases over \$25 are eligible for a **FREE Williraye** holiday ornament! **Don't miss this rare chance to join in the excitement of the day, AND to enjoy 20% off** of these distinctive, whimsical characters!

Move Over Bears, The Toys Have Come To Play!

We went to market to find some toys; we did, in fact, for girls and boys. I remember that! I had one of those! It's what we said as we all chose. Our room's been filled with bears all year, but now there's toys that bring kids cheer! You'll find wooden trains, & trucks & planes; sturdy puzzles, and dogs to nuzzle! Games to play while in the car. There's even putty in a jar! Ride a pony, play cowboy; there's always time for one more toy! So bring the kids and take a look, at the very least, they'll grab a book! But memories are what we hope they'll find, as learning and fun are intertwined!
